

Final Program 9th European Congress on Violence in Clinical Psychiatry “Advancing knowledge – Transforming Practice”

Wednesday 21 October 2015

| | | | | |
|--------------------------------|---|--|--|--|
| 12.00 – 15.00 | START research meeting | | | |
| 15.00 – 19.00 | Registration | | | |
| 15.00 – 17.00 15.00 – 17.00 | EViPRG Board Meeting ENTMA ⁰⁸ Steering Group Meeting | | | |
| 17.00 – 19.00 19.00 – 21.00 | Reception / Meeting for members of the EViPRG Reception / Meeting for members of ENTMA ⁰⁸ | | | |

Thursday 22 October 2015

| | | | | |
|---------------|--|--|--|--|
| 08.00 – 17.30 | Registration | | | |
| 08.00 – 09.00 | Setting up Poster Display and Exhibition | | | |
| 09.00 – 17.30 | Poster Display and (Art) Exhibition | | | |
| Room | Everest Ballroom | | | |
| 09.00 – 09.40 | Opening & Welcome by Henk Nijman, Tom Palmstierna (Chairs), Joy Duxbury (EViPRG), Brody Paterson (ENTMA ⁰⁸), and Peter Treufeldt, vice-director Region H (Capital region) Country flag parade by Nico Oud (Organisator) | | | |
| 09.40 – 10.20 | Keynote 1 - Brody Paterson (ENTMA)(UK) Restraint Reduction. Remembering but not repeating <i>Chair: Tom Palmstierna</i> | | | |
| 10.20 – 11.00 | Keynote 2 - Søren Bredkjær (Denmark) Reduction of restraint use in Denmark – what have we learned? <i>Chair: Tom Palmstierna</i> | | | |
| 11.00 – 11.30 | Break | | | |
| 11.30 – 12.10 | Keynote 3 - Tilman Steinert (Germany) Coercive Treatment in Psychiatry: Ethical Aspects <i>Chair: Henk Nijman</i> | | | |

| | | | | |
|---------------|---|--|--|--|
| 12.10 – 12.50 | Keynote 4 - Jay P. Singh (Switzerland): International Perspectives on Violence Risk Assessment <i>Chair: Henk Nijman</i> | | | |
| 12.50 – 14.00 | Lunch | | | |

| Parallel Session 1 Room | Lake Geneva Chair: Kevin McKenna | Loch Ness Chair: Tom Palmstierna | Loire Chair: Henk Nijman | Mont Blanc Chair: Joy Duxbury |
|-------------------------|---|--|---|---|
| Theme | ENTMA Presentations | Psychological Therapies | Application of New Technology / Other related themes | Assessment of risk, prevention & protective factors |
| 14.00 – 14.30 | <i>Dave Jeffery (UK):</i> Witnessing violence: What are the experiences of psychiatric nurses? | <i>Jeffry Nurenberg (USA):</i> Violence Reduction with Equine-Assisted Group Psychotherapy - A controlled study in long term psychiatric inpatients | <i>Erik Kuijpers & Alwin Verdonk (Netherlands):</i> Co-Creating new tools for good practices in recovery and high secure healing environments | <i>Jeffrey HO (USA):</i> Conducted Electrical Weapon Use in Healthcare Environments |
| 14.30 – 15.00 | <i>Kevin McKenna (Ireland):</i> Rethinking Debriefing: A structure for aligning constituents and process | <i>Marleen de Waal, Anneke Goudriaan, Martijn Kikkert & Jack Dekker (Netherlands):</i> SOS-training: a novel intervention to diminish victimization in psychiatric patients with substance use disorders: a randomized controlled trial | <i>Lars-Erik Warg & Ulrika Hylén (Sweden):</i> The Impact of Value Incongruence between Employees and their Workplaces within Psychiatric Inpatient Units: Preliminary data related to perceived psychosocial factors | <i>Lia Verlinde, Eric Noorthoorn, Willem Snelleman, Marlies Snelleman-Van der Plas, Henk van den Berg & Peter Lepping (Netherlands):</i> Coercion decisions, event sequences of aggression, seclusion and enforced medication before and after a policy change |
| 15.00 – 15.30 | <i>Donal Mc Cormack & Kevin McKenna (Ireland):</i> A Model of continuous professional development for instructors in the management of aggression & violence | <i>Raymond Novaco & John Taylor (USA):</i> Anger Treatment Therapist Training Level Effects with Forensic Intellectual Disability Patient | <i>Liselotte de Mooij, Martijn Kikkert, Nick Lommerse, Jaap Peen, Sabine Meijwaard, Jan Theunissen, Pim Duurkoop, Anna Goudriaan & Henricus Van (Netherlands):</i> Victimisation in adults with severe mental disorders: prevalence and risk factors | <i>Marlies Snelleman-Van der Plas, Peter Lepping, Lia Verlinde, Willem Snelleman, Adriaan Hoogendoorn, Henk Van den Berg & Eric Noorthoorn (Netherlands):</i> Coercion decisions: Event sequences of aggression, seclusion and enforced medication in a sample of admission and specialized treatment wards for adults and the elderly |
| 15.30 – 16.00 | Break | | | |

| Parallel Session 1 Room | Lake Garda Chair: Peter Lepping | Rhine | Volga | Matterhorn |
|-------------------------|--|---|--|--|
| Theme | Epidemiology, nature of violence in clinical psychiatry | Workshop | Workshop | Workshop |
| 14.00 – 14.30 | <i>Peter Lepping, Bevinahalli N Raveesh, Jim Turner & Murali Krishna (UK):</i> Patient and Visitor Violence in a South Indian hospital | <i>Ian Dawe, Sanaz Riahi, Philip Klassen & Ilan Fischler (Canada):</i> Using Technology to Prevent Coercive Practices in Inpatient Mental Health Setting: A Canadian Specialty Mental Health Setting Len | <i>Baldur Karlsson (Iceland):</i> Work ethics and active communication: The leader on the floor | <i>Diana Polhuis, Rene Mooij, Harry van Putten & Jaap Keijzer (Netherlands):</i> Forensic Assertive Community Treatment (ForACT): an essential integrated cooperation with key-partners (illustrated by ForACT The movie) |
| 14.30 – 15.00 | <i>Giovanni de Girolamo, Laura Iozzino, Clarissa Ferrari, Matthew Large & Olav Nielssen (Italy):</i> Prevalence and risk factors of violence by psychaitric acute inpatients: A systematic review and meta-analysis | | | |
| 15.00 – 15.30 | <i>Jan Querengässer, Sebastian Hartung, Jan Bulla, Klaus Hoffmann, Thomas Ross (Germany):</i> Predictors of violence among German forensic in-patients | | | |
| 15.30 – 16.00 | Break | | | |

| Parallel Session 2 Room | Lake Geneva Chair: Marie Trešlová | Loch Ness Chair: Patrick Callaghan | Loire Chair: Stål Bjørkly | Mont Blanc Chair: Liselotte Pedersen |
|-------------------------|--|---|---|---|
| Theme | Training and education of interdisciplinary staff / forensics | Psychological Therapies / Other related themes | Assessment of risk, prevention & protective factors | Epidemiology, nature of violence in clinical psychiatry |
| 16.00 – 16.30 | <i>Line Juul Christensen & Nethe Plenge (Denmark):</i> Maintenance of the staff's conflict preventive competencies | <i>Carolien Christ, Aartjan Beekman, Martijn Kikkert, Claudi Bockting, Anneke van Schaik, Rien Van & Jack Dekker (Netherlands):</i> Victimization in depressed patients: Prevalence rates and the description of an intervention study | <i>Jenni Kaunomäki, Markus Jokela, Raija Kontio, Tero Laiho, Eila Sailas & Nina Lindberg (Finland):</i> Interventions in a Finnish psychiatric admission ward after the assessment of violence risk | <i>Giovanni DeGirolamo, Valentina Candini, Viola Bulgari, Laura Iozzino, Chiara Buizza, Clarissa Ferrari, Paolo Maggi, De Francesco & Giuseppe Rossi (Italy):</i> Which are the clinical characteristics of psychiatric patients with an history of violence behavior? An in-depth assessment of a prospective cohort in Italy |
| 16.30 – 17.00 | <i>Jaroslav Pekara, Marie Trešlová & Lidmila Hamplová (Czech Republic):</i> Education experiment: short time education - long-time results for practice | <i>Sanaz Riahi (Canada):</i> A Phenomenological Exploration of 'Last Resort' in the Use of Restraint | <i>Remko den Dulk, Eva Heijkants, Ishany Balder, Antonia Bauer, Eva Hoogstins, Steven Nooter, Loubna Ouifak. & Elizabeth Wiese (Netherlands):</i> Response Crisis Intervention Model for Conflict Management: Fidelity Scale in Psychiatric Care | <i>Susanne Bengtson & Jens Lund (Denmark):</i> Violent Recidivism of Mentally Ill Offenders: A Long-term Follow-Up Study |
| 17.00 – 17.30 | <i>Frans Fluttert, Gunnar Eidhammer, Christine Friestad, Kari Yngvar Dale, Stål Bjørkly & Åse-Bente Rustad (Netherlands):</i> The Early Recognition Method used to identify precursors of aggression in prisoners | <i>Jesper Bak, Vibeke Zoffmann, Dorte Sestoft, Roger Almvik, Volkert Siersma & Mette Brandt-Christensen (Denmark):</i> Comparing the effect of non-medical mechanical restraint preventive factors between psychiatric units in Denmark and Norway | <i>Stål Bjørkly (Norway):</i> From scale to scenario: Old method but new development in risk assessment research? | <i>Martina Lepiešová, Martina Tomagová, Ivana Bóriková, Katarina Žlaková, Mária Zanovitová & Juraj Čáp (Slovakia Republic):</i> The issue of patient aggression against nurses in Slovak clinical practice |
| 19.00 – 20.30 | Welcome Reception Copenhagen Town Hall | | | |

| Parallel Session 2 Room | Lake Garda Chair: Henrik Møller | Rhine | Volga | Matterhorn |
|-------------------------|--|--|---|---|
| Theme | Examples of humane safe & caring approaches in and reduction of restrictive practices | Workshop | Workshop | Workshop |
| 16.00 – 16.30 | <i>Loubna Ouifak (Netherlands):</i> Implementation of a Crisis Intervention Model in a psychiatric clinic: The Response method as an answer to the reduce of use of restraint and seclusion at Emergis Zeeland, 7 years along | <i>Peter Lepping & Bevinahalli N Raveesh (UK):</i> Decision-making capacity | <i>Sylvia McKnight (USA):</i> The Nature of Violence: Strategies for Violence Prevention | <i>Minco Ruiter & Petra Schaftenaar (Netherlands):</i> No coercion without care! |
| 16.30 – 17.00 | <i>Mauro Vittali & Renske De Jong (Netherlands):</i> Client participation 3.0 | | | |
| 17.00 – 17.30 | <i>Christopher Stirling & Colin Dale (UK):</i> Restraint Reduction - What Works? - A review of the Literature and Research Relating to the use of Restrictive Practices in Healthcare settings and how these might be implemented in practice | | | |
| 19.00 – 20.30 | Welcome Reception Copenhagen Town Hall Speakers:, Tom Palmstierna, Brodie Paterson & Nico Oud | | | |

Friday 23 October 2015

| | | | | |
|---------------|---|--|--|--|
| 08.00 – 17.30 | Registration | | | |
| 16.30 – 17.00 | Poster Display & (Art) Exhibition | | | |
| Room | Everest Ballroom | | | |
| 09.00 – 09.40 | Keynote 5 Julie Repper (UK): Coercion in Psychiatry: A User Perspective <i>Chair: Joy Duxbury</i> | | | |
| 09.40 – 10.20 | Keynote 6 - John Taylor (UK): Understanding and Treating Anger and Aggression in Adults with Intellectual and Developmental Disabilities <i>Chair: Joy Duxbury</i> | | | |
| 10.20 – 10.50 | Break | | | |

| Parallel Session 3 Room | Lake Geneva Chair: Pia Wismer Kielberg | Loch Ness Chair: Hulya Bilgin | Loire Chair: Peter Lepping | Mont Blanc Chair: Anna Björkdahl |
|-------------------------|--|--|---|---|
| Theme | Assessment of risk, prevention & protective factors | Epidemiology, nature of violence in clinical psychiatry | Ethical, human rights and legal perspectives | Examples of humane safe & caring approaches in and reduction of restrictive practices |
| 10.50 – 11.20 | <i>Raymond Novaco, Michael Russell & John Monahan (USA):</i> Anger, Violent Fantasies, and Violent Behaviour among Discharged Psychiatric Patients | <i>Chen Chen, Jianjun Ou & Weixiong Cai (China):</i> Aggressive behaviour in autism spectrum disorders preschool children with or without Attention-Deficit/Hyperactivity Disorder | <i>Peter Lepping, Thushara Stanly & Jim Turner (UK):</i> Prevalence of decision-making capacity in psychiatric patients compared to medical patients | <i>Anna Björkdahl (Sweden):</i> Sensory rooms in acute psychiatric care: primary and secondary violence prevention |
| 11.20 – 11.50 | <i>Michiel de Vries Robbé & Vivienne de Vogel (Netherlands):</i> Protective factors for violence risk in boys and girls: the SAPROF - Youth Version | <i>Eric Noorthoorn, Yolande Voskes, Wim Janssen, Niels Mulder, R. van de Sande, A. Smit, Henk Nijman, A. Hoogendoorn, A. Bousardt & Guy Widdershoven (Netherlands)</i> The half halfway: reduction of seclusion in Dutch psychiatry between 2007 en 2013 | <i>Jakov Gather & Jochen Vollmann (Germany):</i> Coercive measures in cases of actual danger to others? Ethical aspects of the current German debate on coercion in psychiatry | <i>Lene Lauge Berring, Liselotte Pedersen & Niels Buus (Denmark):</i> De-escalation processes in mental health settings - a co-operative inquiry project |
| 11.50 – 12.20 | <i>Karin Peter & Sabine Hahn (Switzerland):</i> Young nurses and experiences of aggression: a qualitative content analysis | <i>Bevinahalli N Raveesh, Tom Palmstierna, Vijay Danivas, Shivanna Punitharani, Kundapur S Ashwini, Handithavalli Gowrishree & Peter Lepping (India):</i> Observational study of aggression and violence and its subsequent coercive measures on Indian psychiatric wards | <i>Katrin Forstner, Mareike Wakolbinger & Karin Bruckmueller (Austria):</i> Coercive measures in the treatment of drug-dependent patients | <i>Elvira van Wirdum & Martijn Helmerhorst (Netherlands):</i> Treatment of heavily disruptive patients: A Dutch model for complex care |
| 12.20 – 13.30 | Lunch | | | |

| Parallel Session 3 Room | Lake Garda Chair: Bart Thomas | Rhine | Volga | Matterhorn |
|-------------------------|---|--|--|---|
| Theme | Assessment of risk, prevention & protective factors | Workshop | Workshop | Workshop |
| 10.50 – 11.20 | <p><i>Milou M. H. Mik, Ingrid L. Malan, Erik J. E. Janssen, Bas E. A. M. Kooiman, Roos E. D. X. Middelkoop, Stefanie Poelman, Jeppe de Lange & Elizabeth Wiese (Netherlands):</i></p> <p>Staff's attitudes towards aggression in psychiatry</p> | <p><i>Johnathan MacLennan, Andy Cruikshank & David Hall (UK):</i></p> <p>Violence and Restraint reduction SPSP–Mental Health/East London Foundation NHS Trust: Culture, Attitude, Data</p> | <p><i>Natalie Hammond, Karen Wright & Ivan McGlen (UK):</i></p> <p>Safety in MIND': Cross-organisational training to improve patient safety in crisis and restraint.</p> | <p><i>Maria Baby, Nicola Swain & Chris Gale (New Zealand):</i></p> <p>Communication Skills Training for Healthcare Workers as a technique to reduce patient perpetrated violence- A Randomized Controlled Trial</p> |
| 11.20 – 11.50 | <p><i>Brian Littlechild (UK):</i></p> <p>Violence and aggression against staff in mental health work: Consequences and effective management</p> | | | |
| 11.50 – 12.20 | | | | |
| 12.20 – 13.30 | Lunch | | | |

| Parallel Session 4 Room | Lake Geneva Chair: Tilman Steinert | Loch Ness Chair: Stål Bjørkly | Loire Chair: Donal McCormack | Mont Blanc Chair: Brodie Paterson |
|-------------------------|---|---|---|--|
| Theme | Assessment of risk, prevention & protective factors | Specific populations: forensic | Race, gender, ethnicity and cross-cultural aspects / other related themes | Examples of humane safe & caring approaches in and reduction of restrictive practices |
| 13.30 – 14.00 | <i>Inge Jeandarme, Claudia Pouls, Jan De Laender, T.I. Oei & Stefan Bogaerts (Belgium):</i> The use of the HCR-20 in Forensic Medium Security Units in Flanders: Clinical value? | <i>Michael Bruenger (Germany):</i> Change management in juvenile forensic psychiatry aiming at the prevention of violence and the improvement of treatment outcome | <i>Vivienne de Vogel & Anouk Bohle (Netherlands):</i> Gender differences in victimization and the relation to personality disorders and MID in forensic psychiatry | <i>Patrick Seal (Australia):</i> The Forensic Clinical Specialist Initiative: transforming practice by enhancing skills in risk minimisation |
| 14.00 – 14.30 | <i>Juliet Hounsome & Richard Whittington (UK):</i> What is the evidence for factors protective against violence in an intellectually disabled population? | <i>Carrie Carretta, Ann Burgess & Michael Welner (USA):</i> Toxicology in Suicides and Homicide-Suicides | <i>Bevinahalli N Raveesh, Peter Lepping, Soumithra Pathare & Joske Bunders (India):</i> Staff and caregiver attitude on coercion in India | <i>Joy Duxbury, Fiona Jones, John Baker, Mick McKeown, Richard Whittington, Gill Thomson, Paul Greenwood & Soo Downe (UK):</i> Implementing the Six Core Strategies (6CS) to reduce physical restraint in the UK: The 'REsTRAIN YOURSELF' project |
| 14.30 – 15.00 | <i>Jonathan Sorensen, Megan Davidson & Thomas Reidy (USA):</i> Gender-Responsiveness in Corrections: Estimating Female Inmate Misconduct Risk Using the Personality Assessment Inventory (PAI) | <i>Petra Schaftenaar & Ivo van Outhousden (Netherlands):</i> Risk management and reduce of recidivism through relational care in a forensic psychiatric hospital | <i>Richard Luck, John Parkes & Phil Smith (UK):</i> A Pilot study examining instinctive and natural body movements during simulated assaults: developing a new approach to physical intervention skills in health and social care settings | ENTMA PRESENTATION <i>Abubakar Idris & Rosalyn Mloyi (UK):</i> Reducing Restrictive Practice: Demystifying the principles to support implementation |
| 15.00 – 15.30 | Break | | | |

| Parallel Session 4 Room | Hospital visit | Rhine | Volga | Matterhorn |
|-------------------------|----------------|---|--|---|
| Theme | | Workshop | Workshop | Workshop |
| 13.30 – 14.00 | Hospital visit | <p><i>Jan Boogaarts & Bas van Raaij (Netherlands):</i></p> <p>The Interaction Skills Training Programmes: Improving Cooperation Through Effective Interactions.</p> | <p><i>Ellen van den Broek & Renate Reker (Netherlands):</i></p> <p>The effect of trauma focused treatment on violent risk: the integration of theoretical perspectives and clinical practice</p> | <p><i>Diana Polhuis & Hans Kruikemeier (Netherlands):</i></p> <p>From integrated diagnostics to integrated treatment: the results of the cooperation between a treatment facility for people with intellectual disabilities and a forensic ward</p> |
| 14.00 – 14.30 | Hospital visit | | | |
| 14.30 – 15.00 | Hospital visit | | | |
| 15.00 – 15.30 | Break | | | |

| Parallel Session 5 Room | Lake Geneva Chair: Sabine Hahn | Loch Ness Chair: Mary E. Johnson | Loire Chair: Peter Lepping | Mont Blanc Chair: Roger Almvik |
|--------------------------------|--|---|---|---|
| Theme | Assessment of risk, prevention & protective factors | Role of Post-Traumatic Stress Disorder (PTSD) & violence in clinical psychiatry / Epidemiology | Service users and family perspectives | Examples of humane safe & caring approaches in and reduction of restrictive practices |
| 15.30 – 16.00 | <i>Giovanni de Girolamo, Valentina Candini, Viola Bulgari, Laura Iozzino, Chiara Buizza, Clarissa Ferrari, Paolo Maggi, Beatrice Segallini & Alessandra De Francesco (Italy):</i> Violent Behavior and risk of recidivism of violence among patients living in psychiatric residential facilities | <i>Lois Biggin Moylan, Marybeth McManus & Meritta Cullinan (USA):</i> The Need for Specialized Support Services for Nurse Victims of Physical Assault by Psychiatric Patient | <i>Bevinahalli N Raveesh, Peter Lepping, Soumithra Pathare & Joske Bunders (India):</i> Subjective Perception of Coercion in Persons with Mental Disorder in India | <i>Laura van Melle, Yolande Voskes, Eric Noorthoorn, Roland van de Sande, Yolanda Nijssen, Niels Mulder & Guy Widdershoven (Netherlands):</i> High and Intensive Care in Psychiatry: a validity study of the HIC-monitor |
| 16.00 – 16.30 | <i>Stine Bjerrum Moeller, Ray Novaco & Matthias Gondan (Denmark):</i> Anger, violent images and physical aggression among male forensic inpatients | <i>Vincent Drinkwater (Australia):</i> Transforming clinical practice in the management of acute behavioural disturbance in an Acute Psychiatric Unit | <i>Kim Berge & Karl Elling Ellingsen (Norway):</i> Self-determination and the use of coercion and restraint - People with intellectual disability | <i>Yolande Voskes, Laura van Melle, Tom van Mierlo, Frits Bovenberg & Niels Mulder (Netherlands):</i> High and Intensive Care: a new vision on mental health care in Dutch psychiatry |
| 16.30 – 17.00 | <i>Kyra L.J. Smeets, Nicole Ligthart, Ien Albers, Ibtissam Benali, Dorien de Hoop, Victoria O'Callaghan, Lisa Rückwardt, Toon van Meel & Elizabeth Wiese (Netherlands):</i> Experiences with the Response Crisis Intervention Model for Conflict Management: The Safety Team | <i>Herman Van Coppenolle, Svetlana Belousova & Ejgil Jespersen (Belgium):</i> From Psychomotor Therapy for Psychiatric Patients to Suicide Prevention through Adapted Physical Activity and Sports Participation | <i>Peter Lepping, B. Masood, E.O. Noorthoorn & E. Flammer (UK):</i> Comparison of coercion data from six Welsh Health Boards and four European Countries | <i>Isabelle Jarrin, Anne Marie Brown, Annette McDougall, Andrea Rosner & Bonita Fanzega (Canada):</i> Creating safety: Client centred care or unit centred care? |
| 18.30 – 23.00 | Social Event Congress Buffet & Drinks | | | |

| Parallel Session 5 Room | Hospital visit | Rhine | Volga | Matterhorn |
|-------------------------|--|--|---|--|
| Theme | | Workshop | Workshop | Workshop |
| 15.30 – 16.00 | Hospital visit | <i>Bob Bowen (USA):</i> The Wellness Model: Reducing Burnout of Mental Health Staff | <i>Rosalind van der Lem & Marijn DuPrie (Netherlands):</i> ADHD, aggression, violent behaviour, multimodal treatment program, scientific knowledge | <i>Raymond Novaco & John Taylor (USA):</i> Anger Treatment for Forensic Patients: Stress Inoculation Module |
| 16.00 – 16.30 | Hospital visit | | | |
| 16.30 – 17.00 | Hospital visit | | | |
| 18.30 – 23.00 | Social Event Congress Buffet & Drinks | | | |

Saturday 24 October 2015

| | | | | |
|--------------------------------|---|---|---|--|
| 08.00 – 17.00 | Registration | | | |
| 09.00 – 15.30 | Poster Display & (Art) Exhibition | | | |
| Parallel Session 6 Room | Lake Geneva Chair: Lars Kjellin | Loch Ness Chair: Brodie Paterson | Loire Chair: Frans Fluttert | Mont Blanc Chair: Johan Håkon Bjørngaard |
| Theme | Neurobiological approaches and pharmacological therapies / other related themes | Sexual offending & violence | Specific populations: forensic | Ethical, human rights and legal perspectives |
| 09.00 – 09.30 | <i>Yehuda Baruch, Assaf Shelef, Uri Berger & Yoram Barak (Israel):</i> Efficacy and safety of Medical Cannabis Oil (MCO) in aggression and agitation due to Alzheimer's dementia: an open label, add on, pilot study | <i>Guru S Gowda, Eric Noorthoorn, Channaveerachari Naveen Kumar, Philip Sharath, Raveesh Benvinahalli Nanjegowda, Peter Lepping & Suresh Bada Math (India):</i> Factors influencing the Advance directive among psychiatric inpatients from India: A prospective study | <i>Danique Smeijers (Netherlands):</i> Extensive Hostile Interpretation Bias Regarding Emotional Facial Expressions among Forensic Psychiatric Outpatients | <i>Isabelle Jarrin & Marie Edwards (Canada):</i> Getting it Right, Getting it Wrong: Ethical Tensions in Decisions Related to Seclusion Use |
| 09.30 – 10.00 | <i>Murali Rao (USA):</i> Violence and Mentally Illness – from an US Perspective | <i>Mariana Pedrosa de Medeiros & Valeska Zanillo (Brazil):</i> The compulsory notification of violence against women in Brazilian public policies and academic production | <i>Petra Schaftenaar (Netherlands):</i> The role of (forensic mental health) nurses and group workers in the reduction of violence and aggression | <i>Daniel Nicholls (Australia):</i> How violence is imagined in psychiatry: a philosophical perspective on violence and trauma |
| 10.00 – 10.30 | | | <i>Julian Gojer, Adam Ellis & Monik Kalla (Canada):</i> Dissociation and Violence-Fools Venture Where Angels Fear To Tread | <i>Ada Hui (UK):</i> Coercive Measures in a High Secure Hospital: Attitudes and Experiences of Staff and Patients in England |
| 10.30 – 11.00 | Break | | | |

| Parallel Session 6 Room | Lake Garda Chair: Kevin McKenna | Rhine | Volga | Matterhorn |
|-------------------------|--|-------|--|---|
| Theme | Ethical, human rights and legal perspectives | | Workshop | Workshop |
| 09.00 – 09.30 | <i>Sofia Wikman (Sweden): Workplace Violence (WPV)– the Emergence and Juridification of a Social Problem</i> | | <i>Erik Timmerman & Ernst Janzen (Netherlands): Using the Rock & Water method in the treatment of forensic psychiatric patients and in educating staff</i> | <i>Michael Bruenger (Germany): Children’s rights versus parental rights in involuntary admission of minors to a psychiatric unit for children and adolescents in Germany – new developments in jurisdiction and legislation</i> |
| 09.30 – 10.00 | <i>Sanaz Riahi (Canada): Decision-Making Factors Influencing Mental Health Nurses in the Use of Restraint: An Integrative Review</i> | | | |
| 10.00 – 10.30 | <i>Joke Harte & Mirjam van Leeuwen (Netherlands): Judicial reactions on violence in clinical psychiatry</i> | | | |
| 10.30 – 11.00 | Break | | | |

| Parallel Session 7 Room | Lake Geneva Chair: Henk Nijman | Loch Ness Chair: Joy Duxbury | Loire Chair: Brodie Paterson | Mont Blanc Chair: Johan Håkon Bjørngaard |
|-------------------------|---|--|--|--|
| Theme | Specific populations: intellectually disabled | Specific populations: child & adolescent | Training and education of interdisciplinary staff | Examples of humane safe & caring approaches in and reduction of restrictive practices |
| 11.00 – 11.30 | <i>Maartje Knotter (Netherlands):</i> The relation between team climate, attitude towards external professionals and attitude towards aggression of staff working with clients with intellectual disabilities and aggressive behaviour | <i>Michael Bruenger (Germany):</i> How to effectively reduce coercive measures in an inpatient unit of child & adolescent psychiatry - a ten years' overview of Pfalzinstitut C & A Psychiatry / Klingenstein, Germany | <i>Neringa Aasdal & Tine Wøbbe (Denmark):</i> Staff Training for the Management of Violence: Incorporating Staff Attitudes and Self-Efficacy in Clinical Training | <i>Helle Nystrup Lund & Lars Rye Bertelsen (Denmark):</i> Music listening as anxiety management in intensive psychiatry |
| 11.30 – 12.00 | <i>Kim van den Bogaard, Henk Nijman & Petri Embregts (Netherlands):</i> Characteristics of aggressive behavior in people with intellectual disabilities and co-occurring psychopathology | <i>Diene Carlos, Maria das Graças Ferriani, Elisabete Pádua, Lygia Silva & Michelly Esteves (Brazil):</i> Healthcare support network to families involved in domestic violence against children and adolescents in Brazil | <i>Timothy Meeks (USA):</i> Developing the Role of Clinical Nurse Educator for Behavioral Health | <i>Michael Polacek & Dana Hart (USA):</i> Normalizing the Environment: Humanizing the Appearance of the Emergency Department Safe Rooms |
| 12.00 – 12.30 | <i>Paul Withers (UK):</i> Meeting the sexual identity needs of people with intellectual disabilities: could this have a role in managing aggression? | | <i>Thor Egil Holtskog (Norway):</i> How we train staff to avoid violence in forensic milieu therapeutic environments | <i>Ian McLauchlan (New Zealand):</i> How a 24/7 Single point of entry service (SPOE) can increase access to MHS |
| 12.30 – 13.30 | Lunch | | | |

| Parallel Session 7 Room | Lake Garda | Rhine | Volga | Matterhorn |
|-------------------------|------------|---|--|---|
| Theme | | Workshop | Workshop | Special Debate: "Meetings of Minds" |
| 11.00 – 11.30 | | <p><i>Caroline Björck, Karl Glifberg, Mikael Malmberg, Carina Moen & Gunilla Nötesjö (Sweden):</i></p> <p>Staff training and violence prevention in coercive care institutions. A newly revised program in Sweden</p> | <p><i>Bob Bowen (USA):</i></p> <p>Trauma Informed Teamwork</p> | <p><i>Moderated by Patrick Callaghan (UK):</i></p> <p>In debate with service users from the UK and Denmark:</p> <ul style="list-style-type: none"> - Julie Repper (UK) - Odile Poulsen (Denmark) - |
| 11.30 – 12.00 | | | | |
| 12.00 – 12.30 | | | | |
| 12.30 – 13.30 | Lunch | | | |

| Parallel Session 8 Room | Lake Geneva Chair: Tom Palmstierna | Loch Ness Chair: Bob Bowen | Loire Chair: Marie Trešlová | Mont Blanc Chair: Bart Thomas |
|--------------------------------|--|--|---|---|
| Theme | Examples of humane safe & caring approaches and assessment of risk factors | Service users and family perspectives /Specific populations: elderly dementia | Training and education of interdisciplinary staff | Specific populations: forensic |
| 13.30 – 14.00 | <i>Pål Grøndahl, Cato Grønnerød & Jarna Soilevuo Grønnerød (Norway):</i> Does Psychological Treatment of Paedophiles work? A Meta-Analytic Review of Treatment Outcome Studies | <i>Bob Bowen (USA):</i> Risk, Gain, Liability and Hope: Integrating and Training Family Members in the Treatment Planning and Implementation Process When Aggression History is Present | <i>Heidi Siller, Susanne Perkhofer, Martina König-Bachmann & Margarethe Hochleitner (Austria):</i> Sex and violence: a topic for all medical and health care professionals | <i>Britta Frederiksen (Denmark):</i> Development of the therapeutic relationship in music therapy with forensic psychiatric inpatients – a mix method case study |
| 14.00 – 14.30 | <i>Mick McKeown, Mark Chandley, Fiona Jones, Karen Wright, Joy Duxbury & Paul Foy (UK):</i> Extreme Coercion and recovery journeys in a high secure hospital: stories of recalcitrance, resistance and cooperation | <i>Rita Helme (Norway):</i> Prevalence of violence and health personnel's experience with violence from elderly residents in nursing homes | <i>Marie Treslova & Jaroslav Pekara (Czech Republic):</i> Therapeutic communication provided by nurses in general hospital - obviosity or rarity | <i>Rachel Worthington (UK):</i> 'Fight, Flight or Freeze' - I'm fighting! The application of EMDR in a group based violence reduction treatment programme |
| 14.30 – 15.00 | <i>Stine Bjerrum Moeller, Ray Novaco, Vivian Heinola Nielsen, Tine Wøbbe & Helle Hougaard (Denmark):</i> Validation of the Novaco Anger Scale--Provocation Inventory (Danish) with non-clinical, clinical, and offender samples | | <i>Jaroslav Pekara, Zdeněk Schwarz & Alan Mejstřík (Czech Republic):</i> The experiences with violence and prevention of violence in The Prague Emergency Medical Service in years 2004 - 2014 | <i>Daniël Janssen & Elizabeth Wiese (Netherlands):</i> Psychopathy: Defining the Diagnostic Construct |
| 15.00 – 15.30 | Break | | | |

| Parallel Session 8 Room | Lake Garda | Rhine | Volga | Matterhorn |
|-------------------------|------------|---|---|---|
| Theme | | Workshop | Workshop (ENTMA Member) | Workshop |
| 13.30 – 14.00 | | <p><i>Sophie de Valk & Petra Schaftenaar (Netherlands):</i> Professional behavior and attitudes to 'get in control'</p> | <p><i>Pal-Erik Ruud (Norway):</i> Training staff to manage challenging behavior and violence - does staff safety effect the ability to de-escalate?</p> | <p><i>Cornelis Baas & Carla De Bruyn (Netherlands):</i> Presenting GRIP®: a Grouped Risk-assessment Instrument for Psychiatry, for aggression, suicide and fire setting</p> |
| 14.00 – 14.30 | | | | |
| 14.30 – 15.00 | | | | |
| 15.00 – 15.30 | Break | | | |

| Room | Everest Ballroom | | | |
|---------------|--|--|--|--|

Posters

1. *Thor Egil Holtskog (Norway)*: How we train staff to avoid violence in forensic milieu therapeutic environments
2. *Yuan-Ping Chang & Hsiu-Hung Wang (Taiwan)*: Professional Commitment and Intent-to-Leave: A moderated effect of violence prevention climate
3. *Anne Kristine Bergem (Norway)*: "My daddy has an illness in his mind", Children as next of kin
4. *Thor Egil Holtskog (Norway)*: SIMBA - a staff education and training program in forensic milieu therapeutic environments
5. *Richard Luck, John Parkes & Phil Smith (UK)*: A Pilot study examining instinctive and natural body movements during simulated assaults: developing a new approach to physical intervention skills in health and social care setting
6. *Sun Mi Cho, Yun Mi Shin, Eun Ha Jung (Korea)*: Psycho-pathology of victims and bullies in school violence
7. *Johan Christian Clasen, Liselotte Mattison, Kelly Nielsen, Katrine Christiansen & Liselotte Pedersen (Denmark)*: Reducing violence by implementing BVC and SOAS-R in forensic clinical practice
8. *Liselotte Mattison, Kelly Nielsen & Katrine Christiansen (Denmark)*: Reducing the use of restrictive practices in Forensic Psychiatry – a case study illustration
9. *Dorte Graulund Olsen & Sabina Renee Beldring (Denmark)*: Brøset Violence Checklist: Risk Assessment of Violence in Psychiatric Care - From Evidence to Everyday Practice
10. *Janne Virta (Finland)*: Prevalence of Physical Restraint in Psychiatric Treatment and Research Unit for Ado-lescent Intensive Care (EVA)
11. *Anne Naested & Lene Lauge Berring (Denmark)*: Can physical activities reduce the use of coercive measures?
12. *Annika Thomson, Jari Tiihonen, Jouko Miettunen, Matti Virkkunen & Nina Lindberg (Finland)*: Is fire-setting performed in adolescence associated with future diagnoses of schizophrenia/schizoaffective disorder?
13. *Michael Bruenger (Germany)*: 'My parent died in this psychiatric hospital in 1936, 1944, 1947' - Sons, daughters and grandchildren inquiring after decades of uncertainty. How can we answer to their questions in Germany nowadays?
14. *Maria Teresa Ferreira Côrtes (Brazil)*: Violence in media and aggressive behavior: the difficulties of establishing a debate
15. *Maria Teresa Ferreira Côrtes (Brazil)*: The relationship between media violence exposure and aggressive behavior of children and adolescents
16. *Frieda Matthys, Chris Bervoets (Belgium)*: Setting the stage for a new approach to coercive interventions in Belgian Mental Health Care
17. *Tatiane Maria Angelo Catharini, Thiago Calderan & Mário Eduardo Costa Pereira (Brazil)*: Dream experiences in patients who experienced the comatose state: a clinical-qualitative approach
18. *Susan Rappaport, Leilanie Marie Ayala, Aimee Levine-Dickman, Nancy Wicks, Era Hawk, Curtis Boelke, Anna Kurtz & Jennifer Alcaide (USA)*: Emotion Regulation through Sensory –Gardening: Managing Aggression of Adult Psychiatric Patients in an Inpatient Unit
19. *Sandra Cristina Pilon, Alessandra Diehl, Manoel Antônio dos Santos, G Hussein Rassool & Ronaldo Laranjeira (Brazil)*: Violence, crime, sexual behaviours and use of crack cocaine in a Brazilian inpatient sample
20. *Michael Polacek & Dana Hart (USA)*: Normalizing the Environment: Humanizing the Appearance of the Emergency Department Safe Rooms
21. *Naoko Shibuya & Risa Takahashi (Japan)*: Analysis of Nurses Experiencing Anger toward their Patients at work

22. *Adriana Mihai, Paula sarmasan, Alex Mihai, Elle Tifrea, Katalin Birtalan & Emese Muresan (Romania):*
Legislation and coercive methods in Psychiatric Clinic in Romania – a five years follow-up study
23. *Michael McCloskey, Alexander Hamilton, Alexander Puhalla, Lauren Uyeji, Anne Knorr & Daniel Kulper (USA):*
The Use of Cognitive Behavioral Therapy in Treating Patients with DSM–5 Intermittent Explosive Disorder
24. *Saima Eman (UK):*
Understanding antisocial behaviours: Antisocial personality traits involving sensation seeking and callousness
25. *Hye Rim Lee, Eui Jun Jeong & Ju Woo Kim (South Korea):*
Is It More Than Just the Play? The Influence of Therapeutic Catharsis-Seeking, Personality Differences, Self-Construct and Social Capital
26. *Karen Wright, Iain Harbison & Tiffany Sinclair (UK):*
Co-productivity- a cross agency partnership for education and skills acquisition: the TEAM course ('Teaching Effective Aggression Management')
27. *Seyed Mohammadrasoul Khalkhali Sharifi, Reza Ahmadi, Azam Hamidi, Homa Zarrabi, Kiomars Najafi, Robabe Soleimani & Somaieh Shokrgozar (Iran):* Clinical features of Methamphetamine –induced Psychosis inpatients
28. *Wai Kit Wong & Wai Tong Chien (China):*
Validity and Reliability of the Chinese Version on Perception of Aggression Scale (POAS) in health care workers
29. *Stella Bonde, Lena Rasmussen & Lene Lauge Berring (Denmark):*
Can implementing a Quiet Room reduce the use of mechanical restraints?
30. *Suzana Roitman & Ronit Kigli (Israel):*
Dealing with Psychiatric Patient Violence in Private Clinical Treatment – Professional and Ethical Dilemmas
31. *Bjørn Magne S Eriksen, Stål Bjørkly, Ann Paerden & John Olav Roaldset (Norway):*
Predictive validity of lipids for violence after discharge from an acute psychiatric ward
32. *Graham Tyson, Melanie Lucas, Paola Castillo (Australia):*
Impact of context on attributions of rape victim culpability. Are online dating victims blamed more?
33. *Ronit Kigli, Hilik Levkovich, Avigdor Mizrachi & Moshe Kotler (Israel):*
The Forensic Patient in the Psychiatric Hospital – Dealing with Patient Violence during Court Ordered Examination in a Psychiatric Department
34. *Petra Schaftenaar & Minco Ruiters (Netherlands):*
1on1-support to reduce seclusion and to improve care
35. *Maria Knutzen, Martin Bjørnstad, Stål Bjørkly, Astrid Furre & Leiv Sandvik (Norway):*
Use of restraint and open-area seclusion in Norwegian mental health services for adults
36. *John Olav Roaldset, Stål Bjørkly (Norway):*
Who becomes violent, who is victimized, and who becomes both after discharge from emergency psychiatry?
37. *Nienke Kool & Tony Bloemendaal (Netherlands):*
Aggression towards staff: trends from an intensive treatment program in the Netherlands
38. *Suna Uysa & Hulya Bilgin (Turkey):*
Patient physical aggression in acute psychiatric wards: profile and management
39. *Suna Uysa & Hulya Bilgin (Turkey):*
IRisk predictions of physical aggression in acute psychiatric wards: accuracy, determination and suggested control interventions
40. *Didier Camus, Valérie Moulin, & Mehdi Gholam Rezae (Switzerland):*
Factors associated to repetitively assaultive psychiatric inpatients
41. *Ulrika Hylén, Karin Engström, Veikko Pelto-Piri, Lars Kjellin & Lars-Erik Warg (Sweden):*
Violence prevention and organisational values: Views from management and staff in three types of psychiatric inpatient care
42. *Lars Kjellin, Susanna Törnqvist, Lars-Erik Warg & Veikko Pelto-Piri (Sweden):*
Incidences of violence in psychiatric inpatient care as described by staff
43. *A. Schat, A.A.M. Hubers, J.M. Geleijnse, O. van de Rest, W.B. van den Hout, J.P.A.M Bogers, C. Mouton, A.M. van Hemert & E.J. Giltay (Netherlands):*
Reducing aggression among chronic psychiatric inpatients through nutritional supplementation

44. *Mari Leskinen, Anssi Kuosmanen & Hannele Turunen (Finland):*
Violence against psychiatric inpatients in forensic psychiatric hospital setting
45. *Roland Westerlund, Katarina Nenadovic, Karen Jurlander & Annick Françoise Parnas (Denmark):*
A sensory based approach to preventing violence in a closed ward – Project 'New Paths'
46. *Marie Gold (Canada):*
How Gender of Staff and Patient may Impact the Incidence and Management of Aggression in Forensic Psychiatric Units
47. *John Boronow, Barbara Charen, Jaqueline Williams-Porter, Christopher Borleis, Annie Verghese & Josh Nohe (USA):*
Quantifying Violent Episodes on Psychiatric In-Patient Units: How to Collect and Analyze Problem Behaviors
48. *Marie-Hélène Goulet, Caroline Larue (Canada):*
A participatory approach to develop tools for post-seclusion and/or restraint review
49. *Halldora Jonsdottir, Eyrun Thorstensen & Bryndis Berg (Iceland):*
Developing a psychiatric intensive care unit and effects observed on the incidence of violence
50. *Anja Hottinen, Silva Autio, Jenny Herrala & Nina Lindberg (Finland):*
Introducing the Safewards-model in adolescent psychiatry of HUH in Finland
51. *Maria Gutierrez-Cobo, Rosario Cabello & Pablo Fernandez-Berrocal (Spain):*
Associations among parental education, inhibitory control and aggressive behavior in children
52. *Maria Gutierrez-Cobo, Rosario Cabello & Pablo Fernandez-Berrocal (Spain):*
A review of the relationship between Emotional Intelligence and psychopathic traits: is the EI construct a mediator between aggression and psychopathy?
53. *Joanne Skellern, Tibor Ivanka & Marie Treslova (UK):*
Violence in health and social care settings training resource package: A multicentre evaluation study
54. *Martina Lepiešová, Jana Nemcová, Martina Tomagová, Ivana Bóriková, Juraj Čáp & Katarína Žiaková (Slovakia):*
Nurses' perception of factors contributing to patient aggression – findings from Slovak mental health clinical areas
55. *Christian Zechert, Beate Lisofsky & Caroline Trautmann (Germany):*
Violence towards family caregivers by mentally ill relatives – results of a German online survey
56. *Anthony Djurkov (New Zealand):*
How to train ourselves to assess the risk of violence ?
57. *Coby Gerlsma (Netherlands):*
Revenge and forgiveness after victimization: Differences between violent offenders and male students from various educational settings
58. *Bung Nyun Kim & Soon-Beom Hong (South Korea):*
Different clinical courses of children exposed to a single incident of psychological trauma: a 30-month prospective follow-up study
59. *Merete Berg Nasset, Lilijana Šprah, Urška Smrke (Norway / Slovenia):*
Establishment of an interdisciplinary educational platform on recognizing and treating victims of domestic violence in Slovenian health care settings
