

Final program 7th European Congress on Violence in Clinical Psychiatry – “Challenges for Care and Treatment”

Wednesday 19/10/11

Room	Meridian	Virgo	Leo	Taurus	Aquarius	Kepler	Tycho	Stella
09.00 – 18.00 REGISTRATION								
10.00 – 13.30 Pre-Congress Workshop		The Short-Term Assessment of Risk and Treatability (START) – Measuring and managing risk in the short-term <i>Caroline Logan & Michael Doyle (UK)</i>						
14.30 – 18.00 Pre-Congress Workshops		European Association in Mental Health and Intellectual Disability (EAMHID) Guidelines for Assessment, Diagnostic and Treatment of Severe Problem Behaviour in Persons with Intellectual Disability <i>Anton Došen (Netherlands)</i>	The Comprehensive Assessment of Psychopathic Personality (CAPP) <i>Stephen Hart (Canada)</i>					
18.30 – 21.30		EVIPRG member meeting						

Thursday 20/10/11

08.00 – 18.00 REGISTRATION	Meridian							
09.00 – 09.25	Opening / Welcome by <i>* Prof. Henk Nijman (chair), Ass. Prof. Ton Palmstierna, Dr. Roger Almvik & Mr. Nico Oud (Congress Organiser)</i> <i>* Ass. Prof. Leos Heger, Minister of Health (Czech Republic)</i> <i>* Dr. Alena Steflová, Head of WHO, Liaison Office in Czech Republic</i> <i>*Countries flag parade welcome by Nico Oud</i>							
09.25 – 10.05	Keynote (1) <i>Prof. John Monahan (USA):</i> Violence and mandated community treatment: the MacArthur studies							
10.05 – 10.45	Keynote (2) <i>Dr. Marek Susta (Czech Republic):</i> Markers and Prediction of Violent Behavior in General Population							
10.45 – 11.15	Break							
11.15 – 11.55	Keynote (3) <i>Prof. Patrick Callaghan (UK):</i> Possibilities and pitfalls in violence risk assessment							
11.55 – 12.35	Keynote (4) <i>Prof. Jan Volavka (USA):</i> Schizophrenia, treatment adherence, substance use & violence: causes and effects							
12.35 – 13.15	Keynote (5) <i>Dr. Michael Doyle & Dr. Caroline Logan (UK):</i> Measuring and managing short-term risk: making the START work in practice							
13.15 – 14.15	Lunch							

Thursday 20/10/11

Parallel Session 1	Room Meridian	Room Virgo	Room Leo	Room Taurus	Room Aquarius	Room Kepler	Room Tycho	Room Stella
Themes	Intellectual disability (chair: Hans Hovens)	Ethical & Legal aspects (chair: Jon Snorrason)	Impact on staff (chair: Bart Thomas)	Various Themes (chair: Pia Kielberg)	Reduction strategies (chair: Kevin McKenna)	Seminar (part 1) (chair: Henk Nijman)	Seminar (part 1)	Workshop
14.15 – 14.45	<i>Richard van Dorn, Sarah Desmarais & Jay Singh (USA):</i> Violence and victimization in adults with SMI: An application of integrated data	<i>Virgil Hancock (USA):</i> Violence and mental disorders: a central paradigm for psychiatry	<i>Camila Haw & Helen Sasegbon (UK):</i> Serious assaults on staff: a study at a secure psychiatric hospital.	<i>Karen Lauwaert, Joris Leys, Nataly Fillion, Simon Lagrange, Micheline Gobert, Katrien Vanderwee & Sofie Verhaeghe (Belgium):</i> Early intervention by early recognition: patients self-efficacy, coping and detached concern	<i>Sharon Stetz & Marvella Muzik (USA):</i> The reduction of seclusion & restraints in the University of Michigan Psychiatric Emergency Service	<i>Floor van Dijk, Erica van Barneveld, Rose Schmitz, Laurette Goedhard & Henk Nijman (Netherlands):</i> Seminar (part 1) Violence and Autism Spectrum Disorders (ASD)	<i>Jeremy Coid, Constantinos Kallis, Isabelle Pitrou, Simone Ullrich, Tianqiang Zhang (UK):</i> Seminar (part 1) Epidemiology of violence	<i>Lise Keller, Bjarne Møller, Charlotte Bredal & Dorte Schiønning Andersen (Denmark):</i> The challenge to be in front in prevention of workplace violence
14.45 – 15.15	<i>Sarah Desmarais, Richard van Dorn & Jay Singh (USA):</i> Violence and victimization in adults with SMI: prevalence and co-occurrence of violent outcomes.	<i>Juan Valdes-Stauber, Reinhold Kilian & Horst Deinert (Germany):</i> German guardianships, involuntary admissions and physical restraint measures in psychiatry. How do they matter for community-based psychiatry?	<i>Lois Biggin Moylan & Meritta Cullinan (USA):</i> Frequency of assault and severity of injury of psychiatric nurses in relation to the nurses' decision to restrain	<i>Carol Rocker (Canada):</i> Addressing nurse-to-nurse bullying to promote nurse retention	<i>Jane Vanderpyl & Tony Farrow (New Zealand):</i> Sensory Modulation as a coercion reduction initiative in New Zealand: Evidence for practice and implementation	Seminar (part 1) Violence and Autism Spectrum Disorders (ASD)	Seminar (part 1) Epidemiology of violence The relationship between delusions and violence is explained by anger: findings from the East London First Episode Psychosis Study (ELFEPS)	The challenge to be in front in prevention of workplace violence
15.15 – 15.45	<i>Jay Singh, Sarah Desmarais & Richard van Dorn (USA):</i> Violence and victimization in adults with SMI: Psychiatric symptoms and their associations with violent outcomes	<i>Peter Lepping (UK):</i> Overestimating patients' capacity	<i>Annette Greenwood & Carol Rooney (UK):</i> We don't speak no Italiano I, but we do have a model of psychological trauma: the St Andrews ASSIST model	<i>Jim Maguire (Ireland):</i> The Irish approach to the reduction and standardisation of seclusion practices	<i>Harry van der Aals & Femmy Keuning (Netherlands):</i> Developments in closed setting housing facilities for psychiatric patients in the Netherlands since 2004	Seminar (part 1) Violence and Autism Spectrum Disorders (ASD)	Seminar (part 1) Epidemiology of violence The examination of the associations between intellectual functioning, learning disability and violence	The challenge to be in front in prevention of workplace violence
15.45 – 16.15	Break							

Thursday 20/10/11

Parallel Session 2	Room Meridian	Room Virgo	Room Leo	Room Taurus	Room Aquarius	Room Kepler	Room Tycho	Room Stella
Themes	Training of staff (chair: Peter Lepping)	Impact on patients (chair: Seamus Cowman)	Psychological treatment (chair: Richard Whittington)	Intellectual disability (chair: Roger Almvik)	Workshop	Seminar (part 2) (chair: Henk Nijman)	Seminar (part 2)	Workshop
16.15 – 16.45	<i>Barbara Vincent (UK):</i> Training programmes for preventing and managing violence and aggression: what works and why in dementia care	<i>Matthias Jaeger, Anastasia Theodoridou & Wulf Rossler (Switzerland):</i> Informal coercion and its relevance to the therapeutic relationship	<i>David Jones, Samantha Toyn & Christopher Wood (UK):</i> Delivering a nurse led 'Managing Problematic Anger' treatment programme in a High Security Psychiatric Hospital	<i>Brent Hayward (Australia):</i> Limiting the use of physical restraint in disability services in Victoria, Australia	<i>Melodie Hull & James Morton (Canada):</i> An overview of Canadian psychiatric nursing strategies and practices employed to reduce coercive measures	Seminar (part 2) Violence and Autism Spectrum Disorders (ASD)	Seminar (part 2) Epidemiology of violence The investigation of the link between personality disorders and self-reported violence	<i>Brian Van Brunt (USA):</i> Identifying and Managing Primal and Cognitive Aggression
16.45 – 17.15	<i>Dirk Richter (Switzerland):</i> De-escalation strategies for health care staff. Is there a state of the art?	<i>Camilla Haw, Jean Stubbs, Andy Bickle & Inge Stewart (UK):</i> Coercive treatments in forensic psychiatry: a study of patients' experiences and preferences	<i>John Taylor & Raymond Novaco (UK):</i> Anger treatment therapist training level effects with male forensic intellectual disability patients	<i>Brent Hayward (Australia):</i> Understanding the nature of aggression in Autistic disorder: a case example using a framework of cognitive deficits, positive behaviour support and quality of life to reduce restrictive treatment	An overview of Canadian psychiatric nursing strategies and practices employed to reduce coercive measures	Seminar (part 2) Violence and Autism Spectrum Disorders (ASD)	Seminar (part 2) Epidemiology of violence The examination of the associations between social class and violence among adult British men, and the identification of the predictive factors of violence among each social class	Identifying and Managing Primal and Cognitive Aggression
17.15 – 17.45	<i>Kris Goethals & Norbert Nedopil (Netherlands):</i> Developing and promoting forensic psychiatry in Europe: contributions by the Ghent group	<i>Petra Pröglhöf & Vera Pfersmann (Austria):</i> The incidence of coercive measures during a 24 months period at a regional psychiatric department in Vienna	<i>Raymond Novaco & John Taylor (USA):</i> Reduction of hospital assaultive behaviour following CBT anger treatment of male offenders having intellectual disabilities	<i>Brent Hayward (Australia):</i> The use of Risperidone in young people with intellectual disability and/or autism spectrum disorder and challenging behaviour plus a review of the adverse effects of treatment	An overview of Canadian psychiatric nursing strategies and practices employed to reduce coercive measures	Seminar (part 2) Violence and Autism Spectrum Disorders (ASD)	Seminar (part 2) Epidemiology of violence The exploration of the effect of an antisocial lifestyle on the associations between drug misuse/dependence and violence	Identifying and Managing Primal and Cognitive Aggression
19.00 – 21.00	Welcome Reception at the Mayor's Residence Welcome by: * Mr. Nico Oud (Congress Organiser) * Mr. Ivan Kabický, MSc (deputy Mayor of the city Prague) * Dr. Roger Almvik (EViPRG) * Dr. Marie Trešlová (EViPRG – local committee)							

Friday 21/10/11

Parallel Session 3	Room Meridian	Room Virgo	Room Leo	Room Taurus	Room Aquarius	Room Kepler	Room Tycho	Room Stella
Themes	Gender aspects (chair: Anna Bjorkdahl)	Ethical & Legal aspects (chair: Johannes Nau)	Nature & Epidemiology & training of staff (chair: Gernot Walter)	Workshop	Workshop	BILD Seminar (part 1) (chair: Sharon Paley)	CBAT Workshop (part 1)	Workshop
09.00 – 09.30	<i>Vivienne de Vogel & Michiel de Vries Robbé (Netherlands):</i> Risk assessment in female forensic psychiatric patients. First results with new gender-sensitive risk assessment guidelines	<i>Marie Trešlová, Hana Dohnalová (Czech Republic):</i> Coercive and restrictive measures in nursing process of restless and aggressive patients - theory and practice	<i>Sofie Verhaeghe, Joris Leys, Karen Lauwaert, Nataly Fillion, Simon Lagrange, Micheline Gobert & Katrien Vanderwee (Belgium):</i> Early intervention by early recognition: nurses quality of life, self-efficacy, attitude and detached concern	<i>Alian Merkus, & Freddy van der Veen (Netherlands):</i> First impression, final impression?	<i>Nick Goddard & Ber van der Stegen (Netherlands):</i> Strike when the iron is cold: non-violence resistance and reducing aggression on psychiatric wards	<i>Lynne Webber, Frank Lambrick & Jeffrey Chan (Australia):</i> Preventing restraint and seclusion in disability services Victoria, Australia	<i>John Taylor & Raymond Novaco (UK):</i> CBAT Workshop (part 1) Cognitive-Behavioural Anger Treatment for Low Functioning Clients	<i>Wolfgang Papenberg & Nicholas Smiar (Germany):</i> Keeping everyone safe: Prevention and management of assaultive behaviours in the institution
09.30 – 10.00	<i>Ana Bernarda Ludermir, Sandra Alves Valongueiro, Thália Velho Barreto de Araújo, Glyn Lewis & Ricardo Araya (Brazil)</i> Partner violence against women during pregnancy, common mental disorders during pregnancy and postnatal depression	<i>Joke Harte, Mirjam van Leeuwen & Ri-Janne Theuws (Netherlands):</i> Prevalence, nature and criminal prosecution of aggressive incidents in psychiatry	<i>Janneke van Beek, Bettine Smit & Henk Nijman (Netherlands):</i> Aggression in prisons: a forgotten field of research?	First impression, final impression?	Strike when the iron is cold: non-violence resistance and reducing aggression on psychiatric wards	<i>Janice LeBel (USA):</i> Restraint and seclusion prevention in the USA: core strategies to reduce use and sustain gaps	CBAT Workshop (part 1) Cognitive-Behavioural Anger Treatment for Low Functioning Clients	Keeping everyone safe: Prevention and management of assaultive behaviours in the institution
10.00 – 10.30	<i>Richard Whittington, Juliet Hockenhill, Wally Barr, Gemma Cherry, Maria Leitner & James McGuire (UK):</i> Systematic review of risk assessment approaches and interventions with perpetrators of domestic violence	<i>Joke Harte, Ri-Janne Theuws & Mirjam van Leeuwen (Netherlands):</i> Reasons (not) to report a violent incident in psychiatry to the police	<i>Joanne Iennaco, Lawrence Scahill, Jane Dixon, Robin Whittemore, Susan Busch & Len Bowers (USA):</i> Partnering with an inpatient psychiatric hospital to evaluate measures of aggressive behaviour	First impression, final impression?	Strike when the iron is cold: non-violence resistance and reducing aggression on psychiatric wards	<i>Anu Putkonen, Satu Kuivalainen, Olavi Louheranta, Eila Repo-Tiihonen, Vesa Kiviniemi & Jari Tiihonen (Finland):</i> A cluster randomized controlled study of seclusion and restraint reduction in high security psychiatric care	CBAT Workshop (part 1) Cognitive-Behavioural Anger Treatment for Low Functioning Clients	Keeping everyone safe: Prevention and management of assaultive behaviours in the institution
10.30 – 11.00	Break							

Friday 21/10/11

Parallel Session 4	Room Meridian	Room Virgo	Room Leo	Room Taurus	Room Aquarius	Room Kepler	Room Tycho	Room Stella
Themes	Impact on patients (chair: Kris Goethals)	Ethical & Legal aspects (chair: Tom Palmstierna)	Risk assessment – prediction (chair: Patrick Callaghan)	Biological & Psychological treatment (chair: Jiri Svarc)	Workshop	BILD Seminar (part 2) (chair: Sharon Paley)	CBAT Workshop (part 2)	Workshop
11.00 – 11.30	<i>Paulo Kling Lourenco, Thomas Becker, Tilman Steinert, Peter Brieger, Gerhard Laengle, Daniela Croissant, Sabine Herpertz, Ulrike Lemke & Reinhold Kilian (Germany):</i> Involuntary psychiatric admission in Germany: the patients' perspective	<i>Michael Perlin (USA):</i> Legal perspectives on violence: the significance and implications of the United Nations Convention on the rights of persons with disabilities	<i>Kelly Watt, Mark Levy & Catherine Kidd (Canada):</i> Violence risk assessment and management practices in inpatient psychiatry units	<i>Hans Markowitsch & Angelica Staniloiu (Germany):</i> Neurobiological aspects of individual violent behaviour	<i>Brian Van Brunt (USA):</i> Two Session Treatment Protocol Post Non-Lethal Restraint (Tasing)	<i>Jane McCarthy, Colin Doyle, Debra Moore, & Lee Fairhurst (UK)</i> Integrated Care Pathway: An innovation in secure care services for people with intellectual disability	<i>John Taylor & Raymond Novaco (UK):</i> CBAT Workshop (part 2) Cognitive-Behavioural Anger Treatment for Low Functioning Clients	<i>Bob Bowen (USA):</i> Relationship of Equals, Difference of Roles: Non-Coercive Team Leadership
11.30 – 12.00	<i>Monica Hansson (Sweden):</i> Patient participation in compulsory care in an acute psychiatric setting	<i>Robertus Cornelis Brouwers, Elisabet Maria Carolina Groenewoud van Nielen, Anthonius Joseph Maria Loonen & Tjoe Ing Oei (Netherlands):</i> Instrumental violence in relation to a selective serotonin reuptake inhibitor	<i>Raphael Bordas, Eric Bui, Etienne Very, Rachel Rodgers & Laurent Schmitt (France):</i> Predicting inpatient violence in a psychiatric emergency service using a French version of the Brøset-Violence-Checklist	<i>Erik Kuijpers, Henk Nijman, Inge Bongers, Matty Lubberding & Martin Ouwerkerk (Netherlands):</i> Can mobile skin conductance assessments be helpful in signalling imminent inpatient aggression?	Two Session Treatment Protocol Post Non-Lethal Restraint (Tasing)	<i>Peter Baker (UK):</i> Clinical and process outcomes for positive behaviour support for people with intellectual disabilities and severe challenging behaviour: The P-CPO project	CBAT Workshop (part 2) Cognitive-Behavioural Anger Treatment for Low Functioning Clients	Relationship of Equals, Difference of Roles: Non-Coercive Team Leadership
12.00 – 12.30	<i>Colin Dale (UK):</i> Review of the medical theories and research relating to restraint related deaths	<i>Anne-Marie Brown & Andrea Thomson (Canada):</i> Violence risk assessment: Striking a Balance?	<i>Yuan Yuan Liu, Min Yang & Jeremy W. Coid (China):</i> The efficacy of violence prediction: can homogeneity of the target populations make a difference?	<i>Nienke Kool, Berno van Meijel, Bauke Koekkoek & Ad Kerkhof (Netherlands):</i> I'm just doing fine: Preliminary results of an art and training project relating to self-harm in psychiatry	Two Session Treatment Protocol Post Non-Lethal Restraint (Tasing)	<i>Nigel Beail & Nicola Bethel (UK):</i> Mechanical Restraint: Impact of support staff	CBAT Workshop (part 2) Cognitive-Behavioural Anger Treatment for Low Functioning Clients	Relationship of Equals, Difference of Roles: Non-Coercive Team Leadership
12.30 – 13.30	Lunch							

Friday 21/10/11

Parallel Session 5	Room Meridian	Room Virgo	Room Leo	Room Taurus	Room Aquarius	Room Kepler	Room Tycho	Room Stella
Themes	Various themes (chair: Frans Fluttert)	Open debate Moderator: Kevin McKenna	Risk assessment – prediction (chair: Dirk Richter)	Impact on staff and training (chair: Joy Duxburry)	Seminar (part 1) (chair: Eric Noorthoorn)	BILD Seminar (part 3) (chair: Sharon Paley)	Workshop (part 1)	Workshop
13.30 – 14.00	<i>Berry Penterman & Henk Nijman (Netherlands):</i> Assessing aggression risks in patients of the ambulatory mental health crisis team	Open debate on coercion – seclusion & restraint – pain compliance Moderator: Kevin McKenna (Ireland)	<i>Paola Ferri, Rosaria Di Lorenzo, Francesca Reggiani & Marco Rigatelli (Italy):</i> Aggression and violence in psychiatric, emergency and general hospital settings: an Italian experience	<i>Natalie Hammond & Simon Jackson (UK):</i> Violence against staff - 'through blood, sweat and tears.....!''I still care for you'	Staffing and patients characteristics in relation to seclusion use (Seminar part 1) <i>Gee de Wilde (Netherlands):</i> Recent developments in reducing coercion in Dutch mental health care	<i>Shona Daynes, Sarah Wills & Peter Baker (UK):</i> Experiences of violence at work in NHS Community Learning Disability Teams in the UK	<i>Paul Anderson, Leslie Beleski, Joe Noone & Judy Gerrand (Canada):</i> Workshop (part 1) Violence in psychiatric settings: Anatomy of a comprehensive violence prevention framework	<i>Franci Abrahams, Guido Pieters, Katlijn Bluekens & Wies Appermont (Belgium):</i> The collaboration between mental health workers and the local police in the management of imminent aggression and violent behaviour: the complementarity between two different approaches and assignments
14.00 – 14.30	<i>Ragnar Urheim, Tom Palmstierna, Knut Rypdal & Arnstein Mykletun (Norway):</i> Explanations of reduced aggression rate in a security ward	Open debate on coercion – seclusion & restraint – pain compliance Moderator: Kevin McKenna (Ireland)	<i>Annet Nugter & Meline Nowak (Netherlands):</i> Predicting recidivism in two forensic psychiatric populations in the Netherlands	<i>Lois Biggin Moylan & Meritta Cullinan (USA):</i> Differences in male and female nurses' response to physical assault by psychiatric patients	Staffing and patients characteristics in relation to seclusion use (Seminar part 1) <i>Yolande Voske & Guy Widdershoven (Netherlands):</i> How communities of practice can contribute to develop new insights on reduction of seclusion and restraint in psychiatry	<i>Michael Nunno (USA) :</i> <i>Addressing organizational toxicity in children's treatment facilities that leads to violence and maltreatment</i>	Workshop (part 1) Violence in psychiatric settings: Anatomy of a comprehensive violence prevention framework	The collaboration between mental health workers and the local police in the management of imminent aggression and violent behaviour: the complementarity between two different approaches and assignments
14.30 – 15.00	<i>Maartje Knotter (Netherlands):</i> Attitude and staff interventions towards aggression of clients with ID	Open debate on coercion – seclusion & restraint – pain compliance Moderator: Kevin McKenna (Ireland)	<i>Fanny Klerx-van Mierlo & Stefan Bogaerts (Netherlands):</i> Vulnerability factors in the explanation of workplace aggression: A longitudinal study among Dutch penitentiary workers	<i>Olivier Cailliet, Micheline Gobert, Miguel Lardennois, Bert Folens & Sofie Verhaeghe (Belgium):</i> Aggression management : staff education, registration, other topics. State of the art in seven Belgian hospitals	Staffing and patients characteristics in relation to seclusion use (Seminar part 1) <i>Remy Welleman, Elleke Landeweer, Cecile Gijbbers van Wijk, Guy Widdershoven (Netherlands):</i> An exchange program for psychiatric nurses of acute wards to reduce the use of seclusion	<i>Nicholas Britchford (UK):</i> The neurobiology of aggression and its implication for management options	Workshop (part 1) Violence in psychiatric settings: Anatomy of a comprehensive violence prevention framework	The collaboration between mental health workers and the local police in the management of imminent aggression and violent behaviour: the complementarity between two different approaches and assignments
15.00 – 15.30	Break							

Friday 21/10/11

Parallel Session 6	Room Meridian	Room Virgo	Room Leo	Room Taurus	Room Aquarius	Room Kepler	Room Tycho	Room Stella
Themes	Nature & Epidemiology (chair: Jim Maguire)	Risk assessment – prediction (chair: Henk Nijman)	Impact on staff & reduction strategies (chair: Angela Nederlof)	Child & adolescent (chair: Liselore Schickendantz)	Seminar (part 2) (chair: Eric Noorthoorn)	Workshop	Workshop (part 2)	Workshop
15.30 – 16.00	<i>Joris Leys, Karen Lauwaert, Nataly Fillion, Jasper Feyaerts, Micheline Gobert, Katrien Vanderwee & Sofie Verhaeghe (Belgium):</i> Aggression in psychiatric settings: incident registration using SOAS-R in nine Belgian hospitals	<i>Barbara Dolenc, Lilijana Sprah & Mojca Zvezdana Dermovsek (Slovenia):</i> Aggression and affective temperaments in unipolar depression and bipolar disorder outpatients and healthy volunteers	<i>Donna Gates, Gordon Gillespie, Paul Succop, Maria Sanker, Terry Kowalenko & Tammy Mentzel (USA):</i> The Effect of Violence on Healthcare Workers' Stress and Productivity	<i>Lisa Øien & Ole Greger Lillevik (Norway):</i> Therapeutic practise in the prevention of aggressive and violent behaviour in adolescents living in childcare institution: concepts and functional correlates based on the experiences of professional staff	Staffing and patients characteristics in relation to seclusion use (Seminar part 2) <i>Petra van der Schaaf, Femmy Keuning, Elise Dusseldorp, Eric Noorthoorn, Wim Janssen (Netherlands):</i> Association between physical environmental factors and levels of conflict and containment on psychiatric wards in the Netherlands	<i>David Colton (USA):</i> Mental Illness at the Movies	Workshop (part 2) Violence in psychiatric settings: Anatomy of a comprehensive violence prevention framework	Peter Lepping, Jon Nash & Roger Banks (UK): Capacity in adult and intellectual disability psychiatry - have we become too lenient?
16.00 – 16.30	<i>Geoff Dickens, Nicholas Alderman & Len Bowers (UK):</i> Potential severity of aggressive behaviour after acquired brain injury: implications for recording	<i>Natalie Phillips, Robyn Stargatt & Leeanne Fisher (Australia):</i> Predicting physical aggression in child psychiatric inpatient units	<i>Dirk Richter (Switzerland):</i> Verbal aggression against staff in health care: A qualitative study in different settings	<i>Rosaria Di Lorenzo, Valentina Moretti, Carlo Muratore, Marcella Pighi, Paola Ferri & Marco Rigatelli (Italy):</i> Adolescent violence: the parallel psychiatric history of two teenagers	Staffing and patients characteristics in relation to seclusion use (Seminar part 2) <i>Eric Noorthoorn, Wim Janssen, Adriaan Hoogendoorn, Petra van der Schaaf, Femmy Keuning, Guy Widdershoven, Henk Nijman (Netherlands):</i> Variation in coercive measures over a large Dutch sample: understanding differences	Mental Illness at the Movies	Workshop (part 2) Violence in psychiatric settings: Anatomy of a comprehensive violence prevention framework	Capacity in adult and intellectual disability psychiatry - have we become too lenient?
16.30 – 17.00	<i>Seamus Cowman, Eric Clarke & Georgina Gethin (Ireland):</i> Gaining consensus on priority areas for violence management in practice education and research across Europe: A novel eDelphi approach	<i>Natalie Phillips, & Robyn Stargatt (Australia):</i> Risk assessment: Predicting self and other directed aggression in adolescent psychiatric inpatient units	<i>Christopher Harrop (UK):</i> The Positive Intervention Programme: Including the secluded		Staffing and patients characteristics in relation to seclusion use (Seminar part 2) <i>Wim Janssen, Petra van der Schaaf, Eric Noorthoorn, Len Bowers, CL Mulder, Annet Smit, Henk Nijman, Guy Widdershoven (Netherlands):</i> Staffing and patients characteristics as determinants of seclusion	Mental Illness at the Movies	Workshop (part 2) Violence in psychiatric settings: Anatomy of a comprehensive violence prevention framework	Capacity in adult and intellectual disability psychiatry - have we become too lenient?
19.30 – 22.30	Special Congress Dinner							

Saturday 22/10/11

Parallel Session 7	Room Meridian	Room Virgo	Room Leo	Room Taurus	Room Aquarius	Room Kepler	Room Tycho	Room Stella
Themes	Forensics (chair: Ana Putkonen)	Intellectual disability (Chair: Mojca Dernovšek)	Risk assessment – prediction (chair: David Colton)	Workshop	Workshop	SAPROF Workshop (part 1)	Workshop	Workshop
09.00 – 09.30	<i>Susan Adams, Milan Pomichalek (Canada):</i> Litigious Paranoia in the Forensic Context	<i>Diana Polhuis & Ben Lijten (Netherlands):</i> Specific diagnostics for intellectually disabled people in forensic psychiatry in the Netherlands	<i>Li-yu Song (Taiwan):</i> Correlations among mental illness, substance abuse, and partner abuse: The profile of violence, service utilization, and consequences	<i>Anneke Tulp, Hindrik van Dijk and Dorien Krijt (Netherlands):</i> Frustration and boredom in the seclusion room	<i>Mirjam Siesling & Jolanda Habraken (Netherlands):</i> Violence against persons with severe mental illness: an in-depth view	<i>Michiel de Vries Robbé, Vivienne de Vogel, Ellen van den Broek & Kristen Corporaal (Netherlands):</i> SAPROF Workshop (part 1) Working with the SAPROF: structured assessment of protective factors for violence risk in (forensic) clinical practice	<i>Stål Bjørkly, John Olav Roaldseth (Norway):</i> Empirical findings of valid self-report of violence and self-injury: Why don't we ask the patients?	<i>Johannes Nau, Nico Oud & Gernot Walter (Germany):</i> Testing and discussing the NOW-Model
09.30 – 10.00	<i>Nadine A.C. Troquete, Rob H.S. van den Brink, Tamara Mulder, Titus W.D.P. van Os, Nienke M. Visser & Durk Wiersma (Netherlands):</i> Effects of risk assessment and shared care planning on violent behaviour and patient QoL in outpatient forensic psychiatry: a cluster RCT	<i>Andrew Lovell & Joanne Skellern (UK):</i> Intellectual disability & violence: conclusions from a trilogy of projects	<i>Angela Nederlof & Johannes Hovens (Netherlands):</i> Anxiety and anger as predictors for violent behavior in psychosis: An experimental study	Frustration and boredom in the seclusion room	Violence against persons with severe mental illness: an in-depth view	SAPROF Workshop (part 1) Working with the SAPROF: structured assessment of protective factors for violence risk in (forensic) clinical practice	Empirical findings of valid self-report of violence and self-injury: Why don't we ask the patients?	Testing and discussing the NOW-Model
10.00 – 10.30	<i>David Cooke, Christine Michie, Caroline Logan & Stephen Hart (UK):</i> Dimensions of Psychopathy: The homogeneity of CAPP domains in the United Kingdom	<i>Birgit Mayer & Ian Needham (Switzerland):</i> Discovering the real story within: A case study of the diagnostic correction of alleged intellectual disability with the aid of facilitated communication	<i>Didier Camus, Mehdi Gholam Rezaee, Nicolas Khune, Jean-Philippe Dufflon & Jean-Michel Kaision (Switzerland):</i> Using the SOAS-R in Lausanne psychiatric department: Results and questions emerging after 30 months of investigation	Frustration and boredom in the seclusion room	Violence against persons with severe mental illness: an in-depth view	SAPROF Workshop (part 1) Working with the SAPROF: structured assessment of protective factors for violence risk in (forensic) clinical practice	Empirical findings of valid self-report of violence and self-injury: Why don't we ask the patients?	Testing and discussing the NOW-Model
10.30 – 11.00	Break							

Saturday 22/10/11

Parallel Session 8	Room Meridian	Room Virgo	Room Leo	Room Taurus	Room Aquarius	Room Kepler	Room Tycho	Room Stella
Themes	Reduction strategies (chair: Stål Bjørkly)	Nature & Epidemiology (chair: Aila Vokkolainen)	Forensics (chair: Merete Berg Nesset)	Workshop	Workshop	SAPROF Workshop (part 2)	Workshop	Workshop
11.00 – 11.30	<i>Petra van der Schaaf, Femmy Keuning & Elise Dusseldorp (Netherlands):</i> Association between Physical Environmental Factors and Levels of Conflict and Containment on Psychiatric Wards in the Netherlands.	<i>Jan Vevera (Czech Republic):</i> Violence and victimization among Czech psychiatric patients	<i>Janneke van Beek, Bettine Smit & Henk Nijman (Netherlands):</i> Predicting aggression in psychiatrically disturbed prisoners	<i>Siv Anita A. Tsakem, Marita Sandvik (Norway), Douglas Boer & Emmanuel Revis (New Zealand):</i> Bridging the gap between assessment and treatment of people with ID who offend (KAOS and ARMIDILO-S - An Integrated Risk-Based Treatment Program)	<i>Kristina Schwartz Heuser, Simon Plough Gartner, Sandra Andersen, Knud-Erik Hostrup & June Rømer (Denmark):</i> The use of 3 educational movies as measures to reduce coercion in a psychiatric centre in Copenhagen	SAPROF Workshop (part 2) Working with the SAPROF: structured assessment of protective factors for violence risk in (forensic) clinical practice	<i>Yves Schwarmes & Jean-Marc Cloos (Luxembourg):</i> A review of verbal de-escalation techniques, medical treatments and self-protecting measures in case of behavioural emergencies	<i>Nicholas Smiar & Wolfgang Papenberg (USA):</i> Don't throw petrol on the fire!: The essential connection between assertive communication and safety in the violent crisis
11.30 – 12.00	<i>Jennifer Vanderberg & Bob Bowen (USA):</i> The Use of Security Officers in the Prevention of Aggression	<i>Juliet Hockenhill, Richard Whittington, Maria Leitner, M Gemma Cherry, Wally Barr, James McGuire & Rumona Dickson (UK):</i> Safety in numbers: is the violence research literature too heterogeneous to be useful?	<i>Tiina Tuominen, Tapio Korhonen, Heikki Hämäläinen, Satu Temonen, Helena Salo, Jouko Katajisto & Hannu Lauerma (Finland):</i> Neurocognitive deficits and academic skills in Finnish male prisoners	Bridging the gap between assessment and treatment of people with ID who offend (KAOS and ARMIDILO-S - An Integrated Risk-Based Treatment Program)	The use of 3 educational movies as measures to reduce coercion at a psychiatric centre in Copenhagen	SAPROF Workshop (part 2) Working with the SAPROF: structured assessment of protective factors for violence risk in (forensic) clinical practice	A review of verbal de-escalation techniques, medical treatments and self-protecting measures in case of behavioural emergencies	Don't throw petrol on the fire!: The essential connection between assertive communication and safety in the violent crisis
12.00 – 12.30	<i>Frans Fluttert, Berno Meijel, Mirjam van Leeuwen, Stal Bjørkly, Henk Nijman & Mieke Grypdonck (Netherlands):</i> The development and application of the Forensic Early Signs of Aggression Inventory in forensic care	<i>Thijs Beckers, Nico Oud, Andre Merks & Wim Houtjes (Netherlands):</i> The effect of physical space on aggression in closed admission wards of psychiatric hospitals in the Netherlands: a quantitative study with a nation-wide sampling frame	<i>Richard Howes (Canada):</i> Identifying risk of sexual aggression through phallometric assessment	Bridging the gap between assessment and treatment of people with ID who offend (KAOS and ARMIDILO-S - An Integrated Risk-Based Treatment Program)	The use of 3 educational movies as measures to reduce coercion at a psychiatric centre in Copenhagen	SAPROF Workshop (part 2) Working with the SAPROF: structured assessment of protective factors for violence risk in (forensic) clinical practice	A review of verbal de-escalation techniques, medical treatments and self-protecting measures in case of behavioural emergencies	Don't throw petrol on the fire!: The essential connection between assertive communication and safety in the violent crisis
12.30 – 13.30	Lunch							

Saturday 22/10/11

	Room Meridian							
13.30 – 13.45	Prize Ceremony							
13.45 – 14.25	Keynote (6) <i>Prof. Stephen D. Hart (Canada):</i> The effective care and control of patients with psychopathic Personality Disorder: challenges and solutions							
14.25 – 15.05	Keynote (7) <i>Ms. Sharon Paley (UK):</i> Be the agent of the change you want to see in the world: Reducing restrictive interventions in human services							
15.05 – 15.45	Keynote (8) <i>Dr. Anna Björkdahl (Sweden):</i> The Bulldozer & Ballet Dancer: aspects of nurses caring approaches in acute psychiatric care							
15.45 – 16.00	Summary & Closing * Prof. Henk Nijman, Ass. Prof. Ton Palmstierna, Dr. Roger Almvik & Mr. Nico Oud (Congress Organiser) * Mr. Bart Thomas (Belgium) Welcome to Ghent in 2013							
16.00 – 16.30	Farewell drinks							

Room ZENIT

POSTER DISPLAY

1. Tonje L. Husum, Johan H. Bjørngård, Arnstein Finset & Torleif Ruud (Norway): Patterns in use of seclusion, restraints and involuntary medication in acute psychiatric wards in Norway
2. Barbara Lay, Carlos Nordt & Wulf Roessler (Switzerland): Use of coercive measures in psychiatric care
3. Stephen Dye (UK): Agitation: an audit of advance statement use
4. Stephen Dye, Navjyot Chhina & Steve Brown (UK): Seclusion and restraint usage: a survey of seven English psychiatric intensive care units
5. Clive Long, Olga Dolley & Clive Hollin (UK): Women in medium secure care: changes in risk profiles and engagement over treatment
